Page 37: TRANSIENT SUMMER SCHOOL ADMISSION

The policy for transient summer school admission has changed as follows:

Students who are enrolled in another institution of higher learning during a spring semester and plan to return to the same school in the fall should submit the following:

1. A current and complete application for admission.
2. An official transcript from the last regionally accredited college attended.

This policy change places transient summer students in the same admission category as Part-Time or Transfer Students (also on page 37).

I certify that the above amendment is true and correct in content and in policy.

A handwritten signature in black ink, appearing to read "Fran Cox".

Dr. Fran Cox, Vice President for Academic Programs

Date: February 20, 2007
